

Name: S. JASON STANLEY
Roll.no: NA15B021
Hostel: PAMPA
Room.: 755A

CGPA:8.74(1st sem)
Email: js41074546@gmail.com
Phone:7299061097
Preference: 2

1. I felt that shaastra 2016 page was good but could have been better if it had the Bottom menu containing hospitality,contact us,etc were boxed and the sponsors' logo could've been placed in a better position and emphasized. It could have also had some pleasing background and color mixes to make it more attractive.
2. I can improve shaastra website by including a shaastra dice background image with contrasting colors used for the navigation bars and options. I felt this would make it more attractive to view.
3. I have not worked in any position with reference to front end development but I've worked as a coordinator for my department fest (wavez) as an events coordinator , so I have experience as a coordinator to handle this job. I have a huge interest in web development activities and so I put this app.
